German Defense Near Bruges Breaks

ALLIES SHUT IN 6,000 GERMANS AGAINST THE DUTCH FRONTIER

Reach Eecloo Today, Amsterdam Dispatch Says, Representing Advance of About Fourteen Miles. French Capture Vandy, Indicating Railroad Town of Voucier Has Been Taken or Rendered Untenable.

BELGIANS REACH CANAL ON THE COAST

(By United Press)

Paris, Oct. 19.—12:10 p. m.—The German defenses southeast of Bruges are reported to have broken.

Amsterdam, Oct. 19.—Allied troops have reached Eecloo, shutting in 6,000 Germans against the Dutch frontier, according to advices received here today. This represents an advance of about 14 miles.

London, Oct. 19.—The French have captured Vandy, 4 miles north of Vouciers, according to battlefront messages received here today. This indicates that the important railway town of Vouciers has been captured or rendered untenable.

Belgian troops have reached the canal between Zeebrugge and Bruges, according to dispatches from the front today. The Germans are reported to be still holding the outskirts of Zeebrugge.

Advance on 15-Mile Front.

With the American Armies in France, Oct. 19.—Noon—The Americans today made a new advance of about a mile and a quarter in the region north of Champignuelle, on a front of about fifteen miles. The doughboys at once began organizing their new positions. The Germans are hastily strengthening their defenses along the heights west of Aime-reville. A big fleet of American airplanes yesterday bombed German concentration centers. There were many combats and numerous enemy machines were brought down inside the American lines. Observation planes dropped thousands of copies of President Wilson's latest notes behind the German lines.

Gains in Aisne Region

Paris, Oct. 19.—French troops crossed the Oise canal and have advanced to within a mile and a quarter of Landrevies. Additional gains were made in the Aisne region west of Attigny, the French war office announced today.

Repulse Claimed.

Berlin, (via London) Oct. 19.—Repulse of Franco-American attacks in the Argonne region was reported by the German war office today. Defeat of allied forces on the Lys river northeast of Courtrai also was announced.

British and Yanks Advance

London, Oct. 19.—British and American troops have captured Mazinghien, northeast of Bohain and have completed the capture of Bazeul, Field Marshal Haig announced today.

To the southward, the British have occupied Tourcoing and Roubaix and passed to the eastward of the city. They are four miles east of Lille.

An additional advance of more than five miles was made by the British between the Lys and the Senese rivers. They are now within seven miles of Valenciennes.

Germans Relinquish 800 Square Miles of Territory in a Week

Washington, Oct. 19.—The Germans in four days this week relinquished 800 square miles of territory long held, Chief of Staff March announced today. At the same time he revealed that the British were reported to have reached the Holland frontier opposite Bruges.

FIRST LOCAL MAN BACK FROM FRONT

Private Hines Hogsett, Home on Ten Days Furlough, May Remain in United States

ENLISTED JUST A YEAR AGO

Private Hines Hogsett, who arrived home last night to spend a ten days furlough with his parents, Mr. and Mrs. J. P. Hogsett, 614 North Sexton street, is the first Rush county soldier who has been in action on the western front, to return home. He embarked for France last February and saw active service for seven months.

Private Hogsett obtained the opportunity to return to the United States because he was orderly to Major Paul W. Evans of Dalaware, Ohio, who has returned to this country to become chief signal officer of a new draft division. Private Hogsett will return to Fort Woods near New York City at the expiration of his furlough and probably will not go back to France because it is believed Major Evans will be assigned to duty in a training camp in this country.

It is a coincidence that Private Hogsett landed in Hoboken just a year to the day he left Rushville to enter the signal corps. He entrains

AMENDS WAR REVENUE BILL

Committee Puts 12 Percent Tax on Corporation Incomes

Washington, Oct. 19.—The senate finance committee, in revising the war revenue bill today, amended the house provision by fixing a flat tax of 12 per cent on the net income of corporations and eliminated the section imposing a 6 per cent additional tax on undistributed earnings. Chairman Simmons estimated that this change reduced the tax approximately \$140,000,000.

THINK EPIDEMIC IS NOT ABATING

Health Officers Regard Situation Serious Though Only 13 Cases Were Reported Yesterday

TOTAL OF 361 CASES LISTED

New Date For Termination Of Epidemic Orders Tentative And Depends On Developments.

Health Board Urges That People Not Gather in Crowds

The city board of health met today to discuss the advisability of ordering all stores to close at six o'clock this evening to avoid the spreading of influenza by large crowds collecting on the streets and in places of business, but it was decided not to take such action since there would be no means of notifying country people, who would come to Rushville for the purpose of trading. The board re-emphasized its earlier admonition that people avoid gathering in crowds indoors; that they do what trading they had to do and then leave. Lounging in cigar stores, pool rooms, candy kitchens and other places should positively be avoided, the board says.

Although only thirteen new cases of the Spanish influenza were reported to Dr. E. L. Wooden, county health officer, yesterday, officials did not regard the epidemic as abating in the least, explaining that the small number of cases reported was due to the fact that the physicians are so busy they have not the time to make reports. Today's report brings the total number reported up to 361.

Yesterday's report was the smallest number of new cases for one day since the health board required daily reports from physicians, but health officers expressed the belief that the epidemic was just as serious as it ever has been, especially in Rushville, where the malady is believed to be more general than in other points in the county.

The state board of health deciding definitely yesterday to lift the ban on public meetings a week from tonight, means that Rush county has another week in which to show some improvement before every line of activity again becomes normal. The decision of the state board makes impossible the holding of church services for another Sunday and continues the enforced vacation of school children for another week. The ban has been in effect since a week ago Monday and has resulted in all social activities coming to a complete standstill. There was a disposition at first to disregard the orders of the state board of health, but a statement from the health authorities that no social gatherings

FURNITURE MEN OPPOSE ORDER

Courteously Refuse Request From Connersville Co. For List of Their Employees

AN AGENT SENT HERE TODAY

Manufacturers Believe Ordnance Department Has No Authority to Conscript Labor

The manufacturers of Rushville demanded a showdown with the employment service and the United States Ordnance department to determine whether or not these agencies have any right to order laboring men in Rushville factories to report for duty in Connersville factories which are doing war work.

R. C. Rush, representing the Connersville Furniture company, came here today with a letter signed by Lieutenant J. H. Wallace of the Ordnance department, in which it was requested that Rushville manufacturers not doing war work, supply Mr. Rush with a list of the names of their employees. This, the manufacturers very courteously refused to do and Mr. Rush returned to Connersville to report to his chief.

The visit of Mr. Rush followed closely on the receipt of letters by local men in Rushville furniture factories demanding that they return to their former employment in the Connersville furniture factory, if they were not engaged in war work. These letters were addressed to men who never worked in the Connersville furniture factory and were signed by Lieutenant George W. Burns, head of the labor section of the Ordnance department in this district, with headquarters in Cincinnati.

Manufacturers were incensed at this effort to draw the laboring men out of Rushville factories and the visit of Mr. Rush today made them resolve that the Connersville Furniture company would have to show its authority for the right to conscript laborers in local factories before they would willingly consent to any such demands.

EVERY COUNTY IN THE STATE REACHES QUOTA

Oversubscriptions to Fourth Loan in Indiana Today Are in Excess of Five Million

LOAN WILL BE SUBSCRIBED

(By United Press.)

Washington, Oct. 19.—As the Fourth Liberty loan drew to a close today, prospects were bright that the quota of six billions would be raised. Subscriptions today were expected to break all records and officials believed the required amount will be procured.

Indianapolis, Ind., Oct. 19.—Every county in Indiana has reached its quota in the Fourth Liberty Loan campaign. Oversubscriptions at noon today exceeded five million.

The following message was received at Liberty Loan headquarters by Will H. Wade, in charge of the campaign in Indiana, from Louis B. Franklin, Liberty Loan director: "Congratulations on your success. We were sure you would make it." The figures for the state at noon were \$111,425,500. Several millions more are expected before the campaign closes at midnight tonight.

MEETING IS POSTPONED

Annual Session of Red Cross Will be Held October 20

The annual meeting of the Rush county chapter of the American Red Cross, for the purpose of electing a board of directors and executive committee and a chairman, vice chairman, secretary and treasurer, of the county chapter, has been postponed from October 23 to November 20. The postponement was made necessary because of the order prohibiting public meetings and on account of the epidemic of Spanish influenza. The meeting will be held in the sheriff's office in the court house.

CLASSIFICATIONS ARE MADE PUBLIC

First Ones Published Since Order Prohibiting Publication Until All Were Classified

ONLY THE DEFERRED CLASSES

Fact Registrant is Called For Examination Evidence in Itself He is in Class I

The result of the examination of registrants yesterday and the names of the registrants given deferred classes by the local army selection board will be found on page four.

The first classifications of military registrants of the September 12 class, since the order was made that none should be made public until all were classified, are published today. The list contains only deferred class registrants and men placed definitely in class one are being called each day for physical examination.

The fact that the registrants are ordered to report to be examined for army service is evidence in itself that he is not entitled to a deferred class and for this reason the names of men put in class one are not included in the list now being published.

The board is sending out cards as fast as they can be prepared and the classification record made to notify registrants of their position in the draft. These cards show the registrant his order number. No order numbers are being published, however, because they do not give any definite idea of the order of call of the registrant. This is due to the fact that order numbers are assigned to the whole class of September 12 registrants, including those who have received no questionnaires, and therefore have not been classified, will be called into the service ahead of some registrants between the ages of 37 and 45, who have order numbers ahead of those in the group, which has been classified.

The board is working overtime in an effort to make up the classification record and officially notify all registrants, 18 years of age and between 37 and 45, may be sent out as soon as possible. The board expects to begin mailing to this last group the latter part of next week, at the rate of 10 percent a day. There will be 1,268 questionnaires to mail out, or an average of approximately 127 a day for ten days.

The examination yesterday resulted in 11 men being held for general military service. Two were sent to the medical advisory board, 5

REFUSES TO DO BUSINESS WITH AUSTRIA

President Says Conditions Are So Altered Since Jan. 8, Can't Accept Original Plan

ANSWERS THEIR PEACE PLEA

Germany's Reply Will Not be Decisive, But Will Seek to Prolong the Discussion

IMPERIAL PALACE ATTACKED

London Chronicle Says Kaiser Actually Abdicated But Ruling Caste Stopped Him

(By United Press.)

Washington, Oct. 19.—President Wilson today answered Austria-Hungary's plea for peace with the reply that conditions were so altered since January 8, that we cannot now accept the autonomous plan originally suggested as a basis of peace.

He insisted the oppressed people of the dual empire, "shall be the deciding factor as to what action on the part of Austria-Hungary's government will satisfy their aspirations."

It was practically a refusal to do any peace business with the Austrian government.

London, Oct. 19.—Germany's reply to President Wilson, according to best information available here today, will not be decisive. All today's dispatches from Holland and Switzerland declared that the German military caste succeeded in preventing complete submission to Wilson's terms.

The reports generally agree that Germany will seek to prolong the discussion.

Mob Storms Berlin Palace

London, Oct. 19.—One hundred window panes were smashed in the Imperial Palace by a rioting mob during a peace demonstration in Berlin, according to reports received today. The police were routed, the advices said, and the mob did considerable damage to the palace before being driven away.

Intervention by the ruling classes in Germany restored the kaiser after he had actually abdicated and interfered with the reply to Pres. Wilson's last note, the Chronicle says today. The kaiser abdicated for several hours, according to this paper. An agreement on the armistice on Wilson's terms was under way when the ruling caste intervened causing cancellation of the note and restoring of the kaiser.

There were many rumors of the reply being enroute, and of the arrival of Hindenburg and other military leaders in Berlin. Riots were reported in the German capital.

This Comes Via Berne

Berne, Switzerland, Friday, October 18.—The German reply to President Wilson not be completed and dispatched for several days, according to the latest Berlin advices. It is expected that the reichstag will be summoned to meet on Tuesday.

The grand admiral of the fleet and the chief of the naval staff have arrived in Berlin for consultation over the answer. It is believed that the reply will be neither a full acceptance nor a refusal, but so worded that the door will be left open for

HOW WEAK, NERVOUS WOMEN QUICKLY GAIN VIGOROUS HEALTH AND STRONG NERVES 7 A DAY FOR 7 DAYS

A Vigorous, Healthy Body, Sparkling Eyes and Health-Colored Cheeks Come in Two Weeks, Says Discoverer of Bio-feren.

World's Grandest Health Builder Costs Nothing Unless It Gives to Women the Buoyant Health They Long For.

It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.

The vital health building elements that these despondent women lack are all plentifully supplied in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get an original package at any druggist anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux Vomica; Powd. Ben-tan; Phenolphthalein; Oleoresin Capsicum; Kolo.

TO RETURN CERTIFICATES Grocers to Report to M. V. Spivey Since New Order Was Made

All sugar canning certificates issued by M. V. Spivey, deputy food administrator for Rushville, should be returned to him by grocers, Monday, Mr. Spivey said, on account of the order from the state food administration terminating today, the issuing of sugar canning certificates. Grocers are also instructed to report to Mr. Spivey the amount of sugar they have on hands. Some dealers have never reported at all, but it is imperative now on account of the change in regulations. The deputy administrator will check up the sugar certificates returned by grocers to determine whether or not there has been any violations of the food administration orders. Violators are subject to a fine which may be determined by the food administration and which is always donated to some patriotic cause.

ferred, I held for limited service and three who were called yesterday failed to report. There were no examinations today but registrants have been called for every day next week.

William Gray and Clarence Northam, Rush county registrants, were voluntarily inducted into the marine corps today, the local board having received competent orders to that effect. The board also received word that Henry S. Manzy had passed the physical examination and had been inducted into the Students Army Corps at Northwestern university, Evanston, Ill.

REFUSES TO DO BUSINESS WITH AUSTRIA

Continued from Page One
further negotiations.

The Berlin reports show the holding of a peace demonstration by thousands of workmen. On the other hand, the patriotic and economic associations, including the great German Manufacturers' Association, have adopted resolution urging the organization of a stubborn defense.

Will Reject Wilson Terms

London, Oct. 19.—A Copenhagen dispatch quotes the Politiken (newspaper) as saying that Germany's reply to President Wilson will deny the President's accusation of German cruelty and declare the submarine warfare can not be stopped as long as there is no agreement as to an armistice.

The reply, the newspaper states, will not reject the President's demands, but will make further negotiations possible.

The German war cabinet, it is reported from Copenhagen, held a meeting last night to decide on the phraseology of the German reply to President Wilson's note. The fact that the war cabinet had a hand in framing this document may be significant, in view of the German statement that peace negotiations were started by the German reichstag.

Baron Burián, the Austro-Hungarian foreign minister, has resigned, according to the Vienna newspapers.

ORDERS TO FACILITATE SALE OF SUBSTITUTES

Is Permissible to Pack Cornmeal, Corn, Barley And Oat Flour In Packages 6 And 12 LBS

AVOID WASTE OF CARTONS

In order to facilitate the sale of substitutes with wheat flour the Food Administration will permit the trade to pack cornmeal, corn flour, barley flour and oat flour in packages of 6 and 12 lbs. and rye flour in packages of 16 and 32 pounds. This is an amendment to the rule which requires them to be packed in 1, 1 1/2, 3, 5, 10 25, 50 and 100 pound packages. This amendment applies only as long as the present regulation which requires one pound of substitute to be

solid with every 4 pounds of wheat flour is in effect.

A 6-pound package of the first-named substitutes may be sold with 2 1/2 pounds of wheat flour, or, if rye flour is sold as a substitute, a 16-pound package of rye flour may be sold with the 2 1/2-pound bag of wheat flour.

In order to avoid the waste of cartons the Food Administration in a few special cases has authorized the use of odd-sized cartons already on hand. Jobbers and retailers may continue to sell such packages not packed by themselves without special permits, but in all cases a special permit must be obtained for packing or repacking odd-sized containers except as outlined in the rule as amended.

Life insurance carried in the United States at the end of 1917 exceeded \$60,000,000,000.

Staving Off Old Age

Battery old age can't be prevented but it can be postponed.

You can keep your starter from getting rheumatic in its youth—your lamps from getting dim and your spark from losing its kick—by just a little care.

If you're in doubt about just what care is needed, you ought to drive around and ask us. It's our business to know.

There's another thing you ought to ask about—Threaded Rubber Insulation. It's the most important storage battery improvement in years.

A REAL MANURE SPREADER

Rome was not built in a day—neither has there ever been an absolutely first-class spreader built in a day or a month or a year or ten years. By first class we mean as spreaders are measured today.

It takes many years of cumulative experience and many years of developing organization to build what today can be truly designated as an absolutely first-class machine.

The "RUSHVILLE SPECIAL" Spreader which we have been telling you so much about is the result of more than fifteen years' experience by a specialty factory, made up of men and machinery and an organization that knows little else but to build these machines, but this one thing they know and know it well. The company building our spreaders is the oldest spreader builder now in existence and doing the largest business and building the most machines of any concern in the United States.

They stand as leaders and their product, the "RUSHVILLE SPECIAL" Spreader, is unquestionably a leader in its line. We are fortunate in being able to offer this machine to our customers because of its many qualities which we take great pleasure in showing to our Trade as we have the opportunity. As we said before, we await your verdict.

CHAMPION SOW SELLS WELL

Brings \$1,825 at Shelton Sale Which Nets \$9,635 For 50 Head

The champion sow in the J. A. Shelton & Son sale of big type Poland China hogs at Manilla yesterday, brought \$1,825 under the hammer, which is regarded as about the highest figure a sow ever commanded. The sale netted \$9,635, which was an average of almost \$200 a head for the fifty hogs sold. The junior champion sow, Big Cross the Third, by the Clansman, sold for \$675, and she and three little mates brought the combined price of \$1,800. Another litter of nine by Geris-dale Jumbo sold for \$2,000. The Shelton brood sow sale has been announced for February 28.

TRY A WANT AD

FURNITURE MEN

OPPOSE ORDER

Continued from Page One

The Rushville furniture manufacturers do not wish to be placed in the attitude of opposing anything which will add to the successful prosecution of the war and if they can be shown that the employment agency or Ordnance department has the authority fully to take men out of their factories, they will gladly acquiesce. However, they feel that such a policy would put them out of business. Closing the furniture factories would stop nearly all industrial activity in Rushville and would not only make impossible the financial support which has been given war measures here, but would also mean a heavy individual loss to the stockholders of the factories. They have a large investment in their factories, which would be idle and not earn anything, and they have built up a large business which would be disrupted and practically all lost, if they were compelled to close up.

There is only one conscription law in the United States. It is for the purpose of drafting men to serve in the army, navy and marine corp. There is no law to conscript laborers and for this reason Rushville manufacturers do not believe that the employment service or the Ordnance department has the authority to order men out of their factories into a factory where war work is being done. While the furniture manufacturing business is not classed as an essential industry in the sense that it is not contributing to the prosecution of the war by making war supplies, it is however, not classed as a non-essential employment by the war department, which is the only government organization that has any authority over any laboring man, and then only if he is of draft age.

The local manufacturers are as patriotic as any manufacturers and are willing to do their part in the prosecution of the war. They stand ready and willing to take on war contracts whenever they are available. However, when the wood working industry is organized on a better war basis as other industries have been, there is a possibility that the majority of furniture factories will be on war contracts. Until that time, however, they will continue in business so long as the war industries board allows them to buy raw material, as long as the fuel administration allows them to buy coal, and the railroad administration allows them to haul it. As long as these agencies permit them to get the necessary material to operate, they expect to continue in business because they believe that if the government wanted to release the labor which they use, it would stop their operation by cutting off the supplies which are necessary for the operation of a furniture factory.

FIRST LOCAL MAN IS BACK FROM THE FRONT

ed October 10, 1917, for Camp Funston, Kansas, where he received preliminary training before going overseas. Private Hogsett was on every battle front in France except the Flanders front. Although he was with the headquarters company which was back of the lines, he was close enough to see action in the front line trenches.

INFLUENZA AT GREENSBURG

Greensburg, Ind., Oct. 19.—While the local influenza situation is not alarming, extra precaution is being taken to prevent a further spread of the malady. Forty-two new cases have been reported, bringing the total up to 141 since last Friday.

Days Pickings

The Rev. Clyde S. Black, is ill at his home in North Morgan street, with the influenza.

A marriage license was issued today to Miss Emma Louise Posey, daughter of Mr. and Mrs. James K. Posey of Posey township, and Russel C. Six, son of Mrs. Sarah Six.

Walter Hall, of Shelbyville, employed with the Tood clothing store there, who formerly worked in the Mulno clothing store in this city, is sick at his home with the influenza.

Local students of DePauw university will not return until October 28, on account of the health conditions in other parts of the state. The health of the DePauw S. A. T. C. students is excellent, only about fifteen cases of the influenza among 450 men at the university having developed and those all are convalescent.

EXPIRES FROM INFLUENZA

George Flohr, age 20 years, died at the home of his parents, Mr. and Mrs. Frank Flohr, in Shelbyville, yesterday afternoon from pneumonia following the influenza. Besides his parents he leaves one sister, Miss Veda Flohr, an aunt, Mrs. Mary Ford; also a large circle of relatives and friends in Shelbyville. The death of the deceased comes as a great shock to his many friends in this city. The arrangements for the funeral services have not been made but burial will take place in Shelbyville cemetery.

American Aid Appreciated

General Gouraud, the French commander, whose successes on the Aisne have familiarized his name to American readers, has written an appreciation of the aid rendered his army by American civilian agencies, which has just been made public in connection with the United War Work Campaign. A similar tribute has been written by General Dugan, another of France's military leaders who has won recognition in America. General Gouraud wrote to Emmanuel Sautter, Director-General of the Foyers du Soldat, which are conducted by the French in connection with the American Y. M. C. A., as follows:

"For some time past I have seen the work of your organization with the Fourth Army, and more highly appreciate each day the help and comfort which it affords to our soldiers, assuring to them a material and moral support. It is a most admirable work, and I take this occasion to express to you my profound appreciation of its benefits.

"I wish and sincerely hope that the efforts which you are putting forth to enlarge the scope and more widely extend your branches may be crowned with success. I beg to assure you, Monsieur le Directeur General, my profound and grateful

appreciation."

As there were 367 American Y. M. C. A. workers in the Foyers du Soldat when this was written, and as the K. of C. and Salvation Army are uniting in their efforts to provide comfort for the French soldiers, the extent of the appreciation of American aid can be estimated. General Dugan wrote as follows:—

"I beg to certify that the representatives of the Y. M. C. A. have rendered great service to the wounded of this Division during the last periods of the combat. Never hesitating to advance to the front, they have distributed to the wounded, warm drinks, biscuits, candies, cigarettes, even to the advanced posts of the Echelle and the Chaulun. I desire to signalize the bravery, modesty and discretion which the members of the Y. M. C. A. have shown in the accomplishments of their charitable mission."

Austria War Weary

The war-weariness of Austria-Hungary is strikingly illustrated by an inflammatory speech just delivered in the Austrian parliament by Deputy George Stribny, a Czech. In the fact of his open defiance, the German members of the body sat silent and did not venture to shut him up. Earlier in the war there would have been violent excitement and opposition.

Stribny took bitter exception to the constant application of the terms "traitor" and "coward" to the Czech soldiers.

"You call us traitors and cowards," the Deputy said. "If there is just one real man among you, let him try to realize the feelings of the Czech soldier who was driven by force into that war which the German Chancellor called opened the fight of Germanism against Slavdom." Try to realize how a soldier felt who was ordered under penalty of immediate hanging to march to war against the interests of the Slav race, against the interests of his own brothers, against the interests of his own country. Was this man a coward, when he passed to the other side under the fire of Austrian and German cannon, which attacked him from

THIS DAY IN THE WAR

Oct. 19, 1917

Six or seven Zeppelins raid England, and four are brought down in France while returning to base.

Oct. 19, 1916

Serbs press offensive in Cerna River sector.

Oct. 19, 1915

Italy and Russia declare war on Bulgaria.

Oct. 19, 1914

French repulse German attacks near Chaumes.

the rear? Was that man a coward who succeeded is going over and could then safely wait for the end of war, but who voluntarily went to the front again to risk his life?"

Perhaps the extraordinary force of Stribny's argument appealed to the stolid Teutons. But it is more probable that they were worn out and would not venture to dispute the truth of facts of which they were themselves long ago convinced.

Connorsville may have obtained a lot of free advertising out of pledging her War Saving stamps year quota and getting a ship named after her, but no one in Rush county is liable to overlook the fact that Fayette county is still black on the Liberty Loan map.

And the Senate has turned. Lovely Woman down! Let it beware! It is quite on the cards that Lovely Woman may turn the Senate down hard some day.

If you have a chill and your nose turns blue, go home and take aspirin for the flu!

Mr. Robin has carried his cheerful red waistcoat and pretty brown coat south for the winter.

According to a Finnish scientist, the air around pine trees is purer than around others, because their needles disseminate electricity into the atmosphere and ozone it.

Elbert Conway, Madison

THE man or woman afflicted with
backache, swollen muscles, stiff
joints, rheumatic pains or other symptom
of kidney trouble is entitled to sympathy
and should have help.

Nature gives early warning of kidney
trouble by puffiness under eyes, spots
before the eyes, dry mouth, biliousness,
weakness and pale, waxy, dry skin.

It is unwise to neglect the slightest
symptom of kidney trouble. Give the kidneys
the help they are calling for.

Foley Kidney Pills

tone up weak, inactive, sluggish kidneys
and help rid the body of poisons. With
kidneys and bladder properly functioning,
appetite is restored, refreshing sleep is possible
and health, strength and energy come as a
natural result.

C. F. Reynolds, Elmira, N. Y., writes: "Three
months ago I was sick in bed with kidney trouble.
My back ached so severely I could not get up.
We read of Foley Kidney Pills, so I sent for
some and commenced taking them. In a few
days I was up out of bed and upon keeping the
treatment up for some time I was able to go to
work, and have had no more backaches."

F. B. JOHNSON

PUBLIC SALE

We, the undersigned, will sell at public auction at the William Gardner residence, 5 miles west of Rushville, 3 miles northeast of Homer, 4 miles southeast of Arlington, on

TUESDAY, OCTOBER 22, 1918

NOTICE TO NON-RESIDENT.

The State of Indiana, Rush County. In the Rush Circuit Court, September Term, 1918.

Eurena J. VanBriggle vs. Henry VanBriggle. Complaint No. 1649. Now comes the plaintiff, by John A. Tisworth, her attorney, and files her complaint herein, together with an affidavit of non-residence that said defendant is not a resident of the State of Indiana; that said action is for divorce, and that said non-resident is a necessary party thereto.

Notice is therefore hereby given said defendant last named, that unless he be and appear on the 30th day of November, 1918, at the November term of the Rush Circuit Court, to be holden at the Court House in Rushville, in said County and State, and answer or demur to said complaint, the same will be heard and determined in his absence.

Witness my name and the seal of said court, affixed at Rushville, Indiana, this 3d day of October, A. D. 1918.

GEO. B. MOORE, JR., Clerk.

The State of Indiana, Rush County. In the Rush Circuit Court, September Term, 1918.

Owen L. Carr, Bruce Carr vs. The Automotive Corporation, A. H. Wyatt, whose christian name is unknown, William Hulm.

Complaint No. 1630. Now comes the plaintiff, by C. W. Duncan, attorney, and files amended complaint herein together with an affidavit that said defendants, The Automotive Corporation, A. H. Wyatt and William Hulm are not residents of the State of Indiana; that

GEORGE WOLFE SENT TO THE STATE PRISON

Former Rushville Man Sentenced to Term of Ten to Twenty Years in Indianapolis

IS CONVICTED OF BURGLARY

George Wolfe, age thirty years, formerly of this city, was convicted of burglary and grand larceny in Marion county criminal court in Indianapolis Thursday and was sentenced by Judge James A. Collins to the Indiana state prison for from ten to twenty years. It was charged that he stole \$101 from the home of John Burk, 1026 Union street, September 23, 1918. At the trial it was shown that Wolfe previously had served a term in the penitentiary for a similar offense.

Mrs. Margaret Miller, at whose home Wolfe lived, charged with knowingly receiving stolen property, was sentenced by Judge Collins to the correctional department of the Indiana woman's prison for one year and to pay a fine of \$1. It was shown that Wolfe had given her a wrist-watch stolen from Elsie Weitzel, 917 Greer street.

A Norway (Me.) farmer has a freak apple, half of which is a perfect russet, while the other half has the appearance of the nonesuch.

UP AND ABOUT AGAIN.

"I was sick in bed with kidney trouble," writes C. F. Reynolds, Elmira, N. Y., "and my back ached so severely I could not get up. I commenced taking Foley Kidney Pills and in a few days was out of bed. Keeping up the treatment, I was able to go to work. Since then I have had no more backaches and no other trouble with my kidneys." Foley Kidney Pills stop sleep-disturbing bladder ailments and relieve rheumatic pains, sore muscles and swollen joints. F. B. Johnson.—Adv. 6

said action is for attachment, and that said non-resident defendants are necessary parties thereto.

Notice is therefore hereby given said defendants, last named, that unless they be and appear on the 25th day of November, 1918, in the Rush Circuit court, at the Court House in Rushville, in said county and state and answer or demur to said complaint, the same will be heard and determined in their absence.

Witness my name and the seal of said court, affixed at Rushville, this 28th day of September A. D. 1918.
GEO. B. MOORE, JR., Clerk.
Sept 28 Oct 5-12-19

NOTICE TO NON-RESIDENT.

The State of Indiana, Rush County.

Virgil Holbrook vs. Corena Holbrook. Complaint No. 1591.

Now comes the plaintiff, by C. W. Duncan, attorney, and files his complaint herein, together with an affidavit, that the residence of the defendant, Corena Holbrook is unknown, and that diligent inquiry has been made to ascertain the residence of said defendant, but that said inquiry has not disclosed the residence of said defendant.

Notice is therefore hereby given said defendant, that unless she be and appear on the 30th day of Nov. 1918, at the Court House in Rushville, in said County and State, and answer or demur to said complaint, the same will be heard and determined in her absence.

In witness whereof, I have here unto set my hand, and affixed the seal of said court at Rushville, this 2d day of October, A. D., 1918.
GEO. B. MOORE, JR., Clerk.

General Pershing's Cablegram Shows That 247 Were Killed in Action in France

FOURTEEN INDIANA MEN

Washington, Oct. 19.—General Pershing's cablegram shows that there are one thousand, one hundred and twenty-seven names in today's casualty list, of which there are 247 killed in action; 380 wounded severely; 143 missing in action; 29 died from wounds; 12 died of accidents and other causes; 60 died from disease; 2 died from airplane accidents; 241 wounded (degree undetermined); 2 wounded slightly.

Fourteen Indiana men are included in today's casualty list and their names are divided as follows:

Killed in action—Private Louis L. Gaben, Anderson; Private Sim Anderson, Alexandria; Private Charles Edward Straker, Evansville.

Wounded severely—Private Theodore Adams Wilson, Indianapolis; Private Harry Cunningham, Elkhart; Private George Byran Harbaugh, North Liberty.

Wounded (degree undetermined)—Private Albert J. Kinz, Indianapolis; Private Ray Mahan, Orleans; Private Edward Kaleher, Muncie; Private Frank R. Kuhn, Terre Haute; Corp. George F. Smith, Kokomo.

Missing in action—Private Noble Richards, Pekin; Private Armer R. Wilson, Elwing.

Died of disease—Harry H. Surran, Gulver.

DRAFT CALL FOR MEN TO BEGIN ABOUT MAR. 1

Those Who Have Passed Their Thirty-seventh Birthdays Likely to Be Taken

2,399,000 MEN MAY BE CALLED

Washington, Oct. 18.—Draft calls for men who have passed their thirty-seventh birthdays are expected to begin about March 1. Plans for bringing the older class of new registrants into camp have not been completed, but the approximate date of the first call was disclosed today by publication of testimony by Provost Marshal General Crowder before the House military committee.

In all, Gen. Crowder told the committee, 2,399,000 newly registered men between 18 and 45 will be called before July 1 and of that number more than 2,000,000 will be physically fit fighting men. The calls for general service will be divided as follows:

October: 345,000; November, 204,000; December: 197,500; January, 147,500; February, 244,000; March, April, May and June, 344,000 each month. These men will supply both the army and the navy and marine corps.

A Woman's Hearty Recommendation.

Worry and overwork cause kidney trouble, and women suffer equally with men. Miss Sara Westen, Belvidere, Ill., writes: "I could not stoop down and when I was down I had to crawl up by a chair. I was so lame I suffered agony. Now I feel like a new person, strong and better in every way. My general health is improved. I heartily recommend Foley Kidney Pills to all suffering the way I did." They relieve dizziness, puffiness under eyes, sore muscles and joints and rheumatic pains when caused by disordered kidneys. F. B. Johnson.—Adv. 7

"To catch the magic spell and, like a bird, repeat it to the world."

Matchless Tone

THAT "something" you have missed in other phonographs, you hear when the Cheney plays. The delicate "color tones"—the full tone values—recorded in the disc, which elude the ordinary phonograph, are brought forth in perfection by the Cheney! Cheney renditions are supremely satisfying because they are complete. The music is real. The tones are true. The personality of the artist is revealed in the Cheney's life-like interpretations of voice or instrument.

The CHENEY PHONOGRAPH

Plays all records—better

This new and better phonograph is the result of new basic patents, under exclusive Cheney ownership and control. The Cheney's basic principles of tone reproduction place this phonograph upon the high plane of a real musical instrument.

INDIANA FAILS TO ENROLL HER QUOTA

Only 956 Student Nurses Answer The Call With State Allotment 1,500

NEED OF ADEQUATE NURSING

Many Lives Could Have Been Saved In Camps If Sufficient Nurses Had Been Available

The Indiana State Council of Defense today authorized the following:

Indiana has failed to enroll her quota of student nurses. The call from the federal government was for 1,500 and to date the names of but 956 have been certified to the surgeon general.

The epidemic of influenza has demonstrated the importance of adequate nursing. How many lives might have been saved in camps and cantonments had there been available to the military authorities a sufficient number of nurses, no one, of course, knows. But that it would have been a number of large proportions, no one will dispute.

Aside from the demand from the army the civilian hospitals have been over-taxed and there has been a unanimous call for help. The more experienced nurses, in not a few cases were worked to a state bordering collapse. The assistance that the fully enrolled student nurses corps might have rendered is inestimable.

Indiana has a greater concern now than ever with enrolling immediately the needed 544 student nurses to make up its full quota. In fact there are splendid arguments why the enrollment should far exceed the quota. There are being constructed in many county hospital facilities for caring for returned soldiers and the increased number of nervous and tubercular cases normally developed on account of war conditions.

In every county in the state there is an organization charged with registering for service the community's share of the total of student nurses asked from the state. Never has there been a more propitious time in which to carry the registration campaign to a splendid success.

Allies Shut in 6,000 Germans Against the Dutch Frontier

Continued from Page One

British and American troops continue their attacks between Le Cateau and Rohain. They have captured the important railroad center of Wassignay, in addition to other villages, and are now 17 miles from Hirson. They have taken 5,200 prisoners in two days.

Railroad Center Taken

London, Oct. 19.—While dogged pursuit of the German forces fleeing from Belgian coast positions continues, British and American troops southeast of Le Cateau have made notable progress in the face of stiff resistance.

Field Marshal Haig reports the capture there of Wassignay, important railroad center, and the village of Ribeaupville, to the north, adding that British troops have entered Reuzel, still farther north.

Capture of 1,200 prisoners and 120 guns, together with a gain of more than four miles, is a result of the fighting in this region, which is continuing. The Germans in this sector are on the Hunding line of defensive zone, established in support of the famous Hindenburg line.

To the north the British have advanced more than six miles east of Douai, and they are in contact with the Germans east of Vred and Catelet in that area.

British warships have come to the assistance of the allied land forces in Belgium and are shelling the Germans who are trying to escape through the narrow neck of land between Bruges and the Dutch frontier.

Pursuit of the retreating Germans in Belgium and down along the battle front as far as the area just to the west of Valenciennes continues. Virtually all of the coast has been cleared of the enemy, and allied patrols are east of Bruges.

The woodlands and forests of Canada cover about 865,000,000 acres.

THINK EPIDEMIC IS NOT ABATING

Continued from Page One
of any sort, where a number of people congregated, should be held, resulted in a better co-operation from the public. When the order was first issued, it was violated by many because of a misunderstanding of its terms and because they did apply it to themselves personally.

The Rush county army selection board this morning received a bulletin from the provost marshal general stating that to prevent the spread of the influenza in civil communities, all commanders in camps where the influenza is prevalent, whether or not it is epidemic, have been instructed to issue no furloughs to enlisted men or leaves of absence to officers except in cases of extreme emergency.

Dr. J. N. Hurty, secretary of the state board, made it clear that the new date set for the termination of the epidemic orders was only tentative and was subject to further extension if conditions next week indicate the necessity.

The hardship that the closing order is working in the commercial life of the other organizations, has been given full consideration. Dr. Hurty said. He gave assurances that the order would be lifted at the earliest possible date. The first consideration must be the public health, he said. Recognizing that the elimination of crowds is the surest preventive measure to curb the malady, health officers over the state have urged the state board to continue the closing ban.

HOUSE RECESSES

(By United Press.)

Washington, Oct. 19.—The house today unanimously agreed to a recess to begin Monday and to continue for at least a month when the senate is expected to pass the \$8,000,000,000 revenue bill.

TRY A WANT AD

"EVERYTHING WRONG"

So It Seemed To This Lady, Until Cardui Relieved Her Suffering.

Wyandotte, Mich.—"About a year and a half ago," writes Mrs. Florence Rogers, now of this place, formerly of Florida, "I had got in very bad health. Everything was wrong. I couldn't eat anything that didn't make me suffer...My limbs also gave me great pain and the pains in the limbs extending down to the knees. I too had awful pains in the back and was very thin and run-down in health...was terribly nervous. Everything would startle me..."

An acquaintance told me of the great benefit she had received from Cardui...I was so bad off I couldn't do my work. The little daughter had to take charge of the work, and I could hardly walk...I began using Cardui, and in about a week I felt much improved...I got better right along, after taking the Cardui...In about 2 weeks after taking the Cardui, I was able to do all my work except the washing...In a month more, I could do all my work, and the washing too."

Ladies! Take Cardui, the woman's tonic, for your troubles. It has helped thousands of other women in the past 40 years. Why not you? Your druggist sells Cardui.

Persons Holding \$1,000 Worth Allowed to Invest For Next Year

Announcement that the provision limiting the amount of War Savings stamps held by any one person to \$1,000, maturity value, does not prevent persons holding that amount of stamps from buying stamps of the forthcoming 191 issue, is made in a message received from the postoffice department. It was also announced that the order limiting the buying by any person at any one time to \$100 worth of War Savings stamps has been removed.

WANT ADS BRING RESULTS

FORTY YEARS A DRUGGIST He Endorses PERUNA

Read this from Mr. L. A. Richardson of Marine, Illinois:

"I have been engaged in the retail drug business here for the past forty years. During this time I have seen many patent medicines come into use, flourish for one or two years and then gradually disappear. There are very few of these remedies that possess enough real merit to insure them long life. Peruna has always been a good seller with us, with a marked increase from year to year. The change in the formula some years ago, by the addition of the slightly laxative properties, has made it a reliable remedy for constipation and for colds. It taken hourly in tablespoonful doses by adults it will break up the worst cold in two or three days' time. I take pleasure in urging my brother druggists to recommend it for these two ailments."

CLOCK HANDS TO BE TURNED BACK

No Further Effort Will be Made to Change Existing Daylight Savings Law

AN AGREEMENT IS REACHED

Washington, Oct. 19.—No further effort will be made by Congress to continue the existing daylight saving law and the hands of the clock will be turned back an hour on Oct. 27, as originally planned. This decision was reached at a conference between congressional leaders and Chairman Baruch of the war industries board, who had recommended that the law remain in force for the period of the war.

The Senate recently passed a bill to continue the law in effect indefinitely and it now is pending in the House. Senator Calder of New York, author of the original daylight bill, said after the conference today that difficulties of the railroad administration and other governmental agencies in arranging schedules and anticipated difficulties in getting final action on the bill by the House contributed to the decision.

FIND BOMB ON SHIP

(By United Press.)

An Atlantic Port, Oct. 19.—Workmen found a bomb in the hold of a British steamer as she lay at her dock here today, according to the police. The bomb is said to have been wrapped in burlap and to have been hidden in a quantity of combustible freight. It was turned over to United States naval authorities who are investigating.

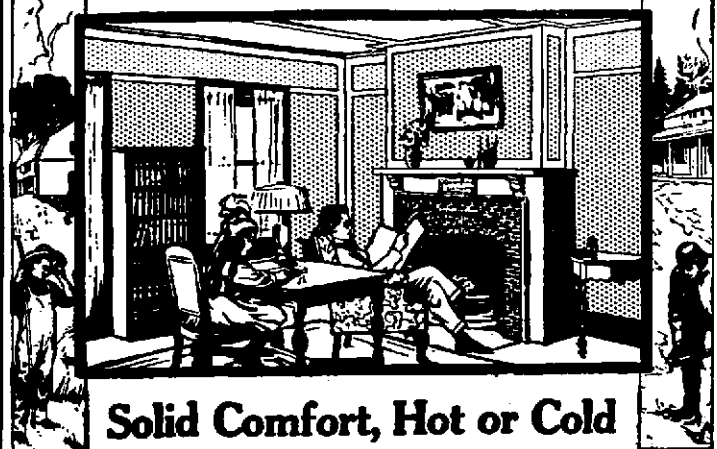

Word has been received by Mr. and Mrs. Carrie Hall of Homer, Ind., that their son Wallace, has arrived safely overseas.

APPLES

We will have a carload of apples on Big Four track, the first of next week. Notice of arrival will be given later. TRABUE & WATKE

BEAVER BOARD

FOR BETTER WALLS & CEILINGS

Solid Comfort, Hot or Cold

Within Beaver Board walls and ceilings there's solid comfort. The closely-meshed pure spruce fibre of this good lumber product resists heat, cold and sound better than lath and plaster or other wall building materials.

You don't have to depend on outside labor for building Beaver Board walls and ceilings. Beaver Board is quickly nailed to the siding of new buildings or partitions or directly over old cracked plaster and dingy wall paper.

Beaver Board has endless uses about the farm. It's just the thing to line your work shop and it's even better for the building of a beautiful new room in some waste space in the house.

In a new booklet, "Building More Comfort into the Farm Home," you'll find many suggestions. It's free, together with an actual piece of Beaver Board, if you ask us.
